COMPONENT REPORT

Verdict: Strong for this levelReliability: high (ok)

Prioritised fixes

Deepen the emotional stakes in the scene

The brief mentions Tam is 'lost in a sea of love'; showing more of this internal conflict will make the performance more layered.

Refine final consonants in the song

In a development workshop, lyric clarity is paramount for the creative team to hear the writer's work.

Why this score

What works, why it isn't 100, and what would close the gap.

ACTING / PERFORMANCE

Works: Naturalistic delivery and clear eyeline work. The emotional connection in the song is palpable.

Why not full score: The scene work is solid but could benefit from more 'easy-going warmth' in the transitions between lines.

Close the gap: Deepen the specific 'sea of love' mentioned in the brief during the scene; let the Frankie-related thoughts land more heavily between the lines.

Standout delta: Finding more varied rhythms in the dialogue to highlight the character's wit.

VOCAL PERFORMANCE

Works: Beautiful tone and secure pitch. The 'legit' quality is

Why not full score: A few moments of breath support could be even more anchored to allow for longer phrasing in the climax.

Close the gap: Ensure the final consonants in the higher register are as crisp as they are in the mid-range.

Standout delta: The phrasing in the second half of the song shows a sophisticated understanding of the contemporary legit style.

Category scores

Discipline-aware labels. Backend score keys are unchanged.

Acting / performance88

The transition between the wit of the scene and the emotional depth of the song is well-handled.

Vocal performance92

Strong legit technique with a clear, contemporary tone. The range is well-demonstrated without feeling pushed.

Audio clarity90

Clear and balanced. The accompaniment does not overpower the vocals, and the dialogue is crisp.

Technical setup90

The lighting is consistent and the background is neutral, keeping the focus entirely on the performance.

Brief adherence98

All instructions followed, including the specific framing and file orientation.

Professional presentation92

The slate is clear and professional, and the edit between the scene and song is seamless.

Component breakdown

Each performance component is assessed separately.

Acting Scene weight 40%88

Song weight 50%92

Excellent contemporary legit technique.

Slate weight 10%95

Clear and professional.

Strengths

- ✓ Strong contemporary legit vocal technique with a beautiful tone.
- ✓ Excellent adherence to all technical requirements of the brief.
- ✓ Clear and engaging professional presence.
- ✓ Effective use of eyeline to create a sense of relationship in the scene.

Improvements

- Increase the 'wit' in the dialogue by playing with the pace of the delivery.
- Ensure the eyeline remains consistent when addressing the reader.
- Anchor the breath more deeply for the final sustained notes of the song.
- Let the 'warmth' of the character settle more in the silences between lines.

Timestamped notes

- 00:15 Strong start to the scene; the energy is immediate and engaging.
- 00:45 Good use of a beat here to show a shift in thought.
- 01:20 The transition into the song is smooth and maintains the character's energy.
- 02:10 Vocal placement is excellent here; the tone is clear and resonant.
- 03:05 A lovely emotional moment in the song that feels very 'Young Tam'.
- 03:50 The final note is well-supported and stays true to the legit style.
